

PARAMETERS USED FOR THE PRICE COMPARISON

Each Montech Conveyor was compared separately with a technically equivalent competitor configuration.

TB30-105 Conveyor

Reference configuration

				
FRAME WIDTH	CONVEYING WIDTH	LENGTH	DRIVE	SIDE GUIDES
4.13"	2.83"	70.87"	AC motor	Included

Compared with an equivalent competitor configuration.

GTB-500 Conveyor

Reference configuration

				
FRAME WIDTH	CONVEYING WIDTH	LENGTH	DRIVE	SIDE GUIDES
19.69"	18.31"	88.61"	AC motor	Included

Compared with an equivalent competitor configuration.

To ensure a fair and technically valid comparison, the key parameters of both conveyor configurations were fully aligned.

The benchmark is based on observed US market reference pricing (October 2025). Costs for shipping and system integration were excluded to avoid distortions and ensure a like-for-like comparison.
